sailer, knives through the water (upper left) to engage the "British" enacted by the "Carribu" (white hull). This series of photos taken during the reenactment of the first naval battle of the Revolutionary War at Fort Phoenix on May 18. The ships were manned by the 4th Old Dartmouth Militia, the 64 Regiment of Foot and the Massachusetts Colonial Navy. The "Seven Bells" captain Ike Harter at the helm criss crossed beautifully, bringing her cannon and musket fire to bear in a series of broadsides. At the conclusion of the engagement, a huge cloud of yellow smoke rose from the fan-tail of the "Carribu", the defeated "British" vessel.

During the "battle" men were "shot out of rigging" and others were "shot off the decks" of both vessels to land in the water. Torpedoes were thrown to simulate shot hitting the sea. The most realistic sea spectacle was enjoyed by hundreds who watched from the heights of the fort. Other photos page 8, 9 and 10.

SEEK SCALLOP FARM AREA

Mr. Ed Brainard and Mr. William Duggan approached Mattapoisett Selectmen with a proposal that may lead to a new marine industry in Mattapoisett if a good location can be found.

The two men have determined that Mattapoisett waters are favorable to bay scallop spawning. They propose to erect a small laboratory near the shore in order to have an adequate supply of fresh sea water to pump through the trays containing the spawn. If the original stages of the propagation are successful, then a suitable area of ocean for the farm will be sought. A section of the Carl DuPont estate has been determined to be the most favorable to the project because of the purity of the sea water from copper paints and insecticides.

The Selectmen recommended that a shed

priorities for sewage treatment plant. The total cost of a connection system, Mattapoissett to Fairhaven, was listed at 1.8 million dollars of which Mr. George Hall, executive secretary, said he is informed that the State and Federal agencies will pay 90% of the cost. This does not include the sewer system within the town which has to be borne by town residents by betterment and other taxes. Permits will be issued shortly to towns on the priority list and all will be in force by December. These permits will give a schedule and a deadline. This deadline must be met or the town will face a potential fine of \$2,500. per day.

The town has voted \$3,000. at the Annual Town Meeting for an in-town sewage treatment plant study. Still to be determined is a reimbursement which might be available for such a project. In order to determine if a reimbursement is available, a letter has been sent to the State Division of Pollution Control asking for that information.

FEDERAL ADMINISTRATION INFORMED

About Your Boat

Q.: When does painting become necessary.

A.: Painting for appearance may be desired if polishing no longer restores the gel coat to its like-new luster. Or you may want to change the colors. There are many marine coatings for Fiberglas on the market. No primers are necessary. A thorough cleaning and sanding is the general preparation.

O.H. Arts Festival

The public is cordially invited to attend a most gala affair on Thursday evening, June 6th, in the auditorium of Old Ham-mondtown School where the music and art departments will present their second arts festival. This presentation was first held last year and was extremely well re-ceived by a large audience.

During the evening the audience will be treated to fine music and colorful art dis-plays. The performance will begin at 7:30 P.M. with the doors to open at 7 P.M. During this half hour before the music por-tion and during intermission, the art dis-plays may be viewed and live demonstration enjoyed.

The musical portion of the program will be highlighted by the seventy-five member concert band, a Dixieland jazz band, a clarinet quintet, a trumpet quartet, a French horn duo, and a fourteen piece stage band plus a surprise or two.

A show of this magnitude from a compara-tively small school certainly is deserving of a large audience and it is hoped that the school will be filled on this evening.

Mattapoisett Seniors

OH! TO BE A KID AGAIN!

and do what I did again!. YES, they did it again! On Monday, May 20th, the Mattapoisett Seniors went to the Heritage Plantation of Sandwich.

On this bright, beautiful sunny day the busload of the Privileged Society had a pleasant scenic drive before arriving at the Plantation's picnic area, where they unpacked lunches, sharing and tasting delicious foods and goodies using the tables and benches for that purpose.

The tour was educational, with museums, green grass and flowers in bloom. Jitney rides from building to building where history was duplicated with authentic antiques, arts and crafts.

The big THRILL for all the privileged was the ride on the Carousel. Astride their galloping steeds, reins in hands, they urged them on faster - faster. The attend-

ant was so impressed with the enthusiasm that he gave them a second run. No horse came in first.

At the windmill the corn meal was ground before our very eyes into a bucket. The miller allowed them to take a cupful or bag to bring home to use.

Returning home, our handsome bus driver, Norman Blanchette, requested for this trip, as he is and was very considerate and accommodating to the Seniors, took them by the Atomic Plant (now closed), stopped by the Pairpoint Glass, where seniors went to see glass blown and make purchases.

To top off the day the driver stopped at an ice cream stand where all the seniors got double and triple scoops of ice cream in cones to enjoy the rest of the trip back to Mattapoisett.

As this was only for the members of the Seniors' Club the trip coordinator will in the near future plan another so that all seniors and friends can go and the members can go on a repeat trip. When it's nice, do it twice.

SENIOR CITIZENS

The Mattapoissett Seniors certainly had a wonderful week, getting younger and living it up.

The trip to the Chateau deVille Dinner Theatre in Warwick, Rhode Island was a great success, with the glittering dining room, excellent food, amid the other Senior Societies, and the fabulous Broadway Show. It rained, but the Seniors did not mind it. This driver was a "singing Irishman", Jim Crowley. He was very attentive, very alert and concerned about every single senior. He soloed and there were sing-a-longs. Everyone wistfully

said so long, hope we all meet again.

The privileged Society rates the best of the bus drivers.

The next show will be Wednesday matinee, June 12, West Side Story. All details of that and other trips will be in future Prestos and watch the Bulletin Board at the Town Hall.

Music Travels to Schools

Recently, the Old Rochester Regional School
Music Department, directed by Mr. Gary E.
Thomas, travelled to the area's elementary
schools to perform several afternoon con-
cert programs.

The concerts began with Mr. Thomas ex-
plaining how a simple basic theme could be
disguised and played in many different
styles. The Concert Band then demonstrated
this idea with the theme of "Twinkle, Twinkle,
Little Star", carrying it through as swinging
jazz, a waltz, and finally putting it to a
Latin flavor. The name of the piece was
"Arrangers' Holiday". Following was "The
Brass Menagerie", a selection describ-
ing different groups of animals. An ex-
planatory narration by Mr. Thomas led
the students through the piece including:
1. Fanfare, 2. Parading Penguins, 3. Mon-

Therefore, the following lists of Korean and Vietnam Veterans are being published in order that any errors can be corrected before listing on the Honor Roll. Next in the concert was a third narrative selection which took the students to a different country, taking them on a tour "In a Persian Market", which contained everything from jugglers, beggars, to a beautiful princess. Then the Dixieland Band performed, accompanied by the Concert Band, in a piece titled "Dixieland, Front and Center," which included: 1. Royal Garden Blues, 2. Mississippi Mud, 3. Indiana (Back Home Again in Indiana).

The Concert Band then continued their program with a sample of country tunes combined to form the selection "Hootnanny", which contained tunes such as "Frankie & Johnny" and "Down by the Riverside". The band finished their portion of the program with the rocking but rudimental "Major Boogaloo March".

The Stage Band finished up the day by playing two selections, the first of which was "Peace on Earth". The number began as a slow ballad, changing part way through to jazz and later on to rock, making up a jazz

REPUBLICAN PICNIC JUNE 14

The Mattapoisett Republican Town Committee's annual picnic will be held on Friday, June 14th, (instead of June 15th as reported in last week's Presto).

Teacher Honored

OUTSTANDING ELEMENTARY TEACHER

Mrs. Mary DeMoranville, a teacher at Mattapoisett Center School, has been chosen as one of the Outstanding Elementary Teachers of America for 1974.

Outstanding Elementary Teachers of America is an annual awards program honoring distinguished men and women for their exceptional services, achievements and leadership in the field of elementary education. Each year, the biographies of those honored are featured in the awards volume, "Outstanding Elementary Teachers of America".

These educators are now eligible to receive the Outstanding Elementary Teacher of the Year award trophy. Five \$500.00 unrestricted grants will be awarded to the schools represented by America's five Outstanding Elementary Teachers. Distinguished judges, along with the Board

of Advisors, will select the five individual elementary teachers to be honored. In this way, the program thanks the teacher and the school for their contributions to the continuing excellence of American education.

In announcing the award winners to the administrators, Dr. V. Gilbert Beers, Director of the Outstanding Elementary Teachers of America program, stated:

"The men and women chosen for this high honor have explored new paths, developed new insights and effectively communicated their knowledge to their students and colleagues. They are exceptional teachers."

Guidelines for selection include an educator's talents in the classroom, contributions to research, administrative abilities, civic service, and professional recognition.

Nominated by their principals earlier this year, they were selected for this honor on the basis of their professional and civic achievements.

Heading the Board of Advisors is V. Gilbert Beers, Ph.D. Serving with him are: Dr. Lewis R. Tamblyn, Executive Secretary, The Rural Education Association; James W. Becker, Director, Instruction

sics in performances by Sinatra, Streisand, the Carpenters and others. The success of Sinatra's "ol' Blue Eyes" album, for which Raposo composed four songs, has spurred a burgeoning interest in him as one of the young giants of contemporary music. Sinatra, at his Carnegie Hall Concert, called him "the young genius".

The 35-year old Fall River native will receive an honorary degree at the SMU graduation exercises the same weekend.

Commenting on the Pops concert with its unique local interest angle, Dr. Donald E. Walker, SMU President, says: "We are proud to be able to bring to the people of this region a cultural event of such magnitude. In doing so, we hope that we are fulfilling one of the University's purposes for existing. The University is here not only to serve the students -- its primary function -- but also to serve the surrounding communities by providing them with meaningful activity that otherwise might not be available.

called, was held on July 11, 1885. The aim was simple: to keep the excellently drilled Boston Symphony musicians at top performance level during the usually inactive summer months. In the decades since then, the Pops, as it inevitably and affectionately became known, made an indelible mark not only on the musical history of its home city, but on the musical taste of

millions throughout the world. Of all the world's great orchestras, the Pops has been heard on more phonograph records than any other -- 47,000,000.

At his first SMU concert last spring, Mr. Fiedler -- and his beloved Pops orchestra -- played to a packed house of 3,000 enthusiastic fans. On that occasion President Donald E. Walker presented him with an updated "SMU"

honorary degree (Fiedler had received an honorary Doctor of Music degree from "SMTI" at the 1965 commencement exercises).
